RV Traveler's
Roadmap to

Peace and Plains Country

The main attraction of this relaxing prairie drive is the sense of infinite space, with rolling farmlands stretching to the horizon beneath the vast blue dome of sky. Museums here tend to emphasize turn-of-the-century rural life, with a special reverence for the grand steam-powered tractors and other complex farm gadgetry that signaled the arrival of the industrial age.

1

Highlights & Facts For The Ideal Experience

Lake Audy Bison Enclosure: Bison with Viewing Station in the far background.

Trip Length: Roughly 140 miles, plus side trips

Best Time To Go: Best in summer and early fall (for flowers). Temperatures in the winter can plunge well below 0.

Must See Nearby Attractions:

- 1 Neepawa & Area Lily Festival (July)
- 2 Winnipeg (Manitoba's capital)
- 3 Dauphin

Traveler's Notes

International Peace Garden

North of Brandon, and a bit hard to find, the Chapman Museum (five miles/eight kilometers north on Rte. 270, then west four miles (six kilometers) on gravel road recalls the region's pioneer days in 16 old-timey buildings stacked to the rafters with cream separators, kitchen gadgets, tools, toys, and other neat stuff.

Follow Highway 10 north over a boundless prairie landscape that eventually tilts up toward the highlands of Riding Mountain National Park. Part of the Manitoba escarpment, this varied and rambling preserve offers loads of trails, beaches, and a chance to see black bears, bison, moose, elk, deer, and wolves.

South of Riding Mountain National Park, Highway 45 leads west to Sandy Lake, a small farm town with two lovely Ukrainian churches: one Orthodox, one Catholic, each capped by silver onion domes and lavishly decorated inside.

Facts & More Information To Plan Your Trip!

Riding Mountain National Park

- International Peace Garden:** A 3.65-square-mile park located on the international border between Canada and the United States.
- Turtle Mountain Provincial Park:** The park is characterized by undulating hills, marshland, deciduous forest cover and shallow lakes.
- Boissevain:** The "Garden of Manitoba" is the term that has often been used to describe the region between the Souris River and the Turtle Mountains in which Boissevain and Morton municipality are located.
- Whitewater Lake:** The Lake's shallowness and large size as well as abundance and variety of vegetation combine to make the region ideal grounds for the nesting and staging of more than 250 species of birds.
- Brandon:** The second-largest city in the province of Manitoba, Canada.
- Neepawa:** The self-proclaimed Lily capital of the world in part because of its Lily Festival.
- Minnedosa:** Main Street features many historical buildings, parks, and sweeping valley views.
- Riding Mountain National Park:** The park sits atop the Manitoba Escarpment. Consisting of a protected area.
- Wasagaming & Clear Lake:** The main town-site in the popular tourist destination Riding Mountain National Park.
- Lake Audy Bison Enclosure:** A display herd of approximately 30 plains bison is maintained at Lake Audy in Riding Mountain National Park.
